📁 Interests

Motorcycles & tinkering
3D printing & CNC machining
Carpentry & fabrication
Photography
Emerging technology

📁 Education

National Institute of Design,
Haryana

B.Des — Industrial Design

2017 – 2021

Indira Gandhi National Open
University (IGNOU)

B.A. — Psychology

2016 – 2022 (Remote)

📁 Languages

English, Malayalam & Hindi

aega design/nirmit design

Founder/Designer

2025–Present • Kannur, Kerala

Founded an independent design and prototyping studio — shipped 12 lifestyle products from concept to finished prototype, leading the full pipeline: industrial design, CAD, fabrication, and testing. Operate across consumer electronics, lifestyle goods, and motorcycle accessories — handling client briefs end-to-end without a team.

frog design

Industrial Designer/ Design Technologist

2023 – 2025 • Gurugram, Haryana

- Led visual design and accessories UX for a Maruti Suzuki super-app (currently in development) consolidating car ownership services for millions of owners — part of a 20+ person cross-functional team, serving as sub-team lead.
- Designed and prototyped 'Nero,' an internal water purifier concept targeting middle-class households — presented to leadership, reached functional prototype stage, and was adopted as a client-facing showcase despite not entering production.
- Contributed to interaction design, motion, and prototyping across two major clients — maintaining near-100% weekly approval rates through iterative design reviews.

Instillmotion Consulting

Industrial Designer Intern

2022 • Hyderabad, Telangana

Developed POC models, mockups, and 3D-printed prototypes for IoT-connected smart home products — taking concepts from brief to testable prototype across multiple confidential client projects.

Yaksha Visual Technologies

Design & Development Intern

2017 • Chennai, Tamil Nadu

Built AR educational applications — card design, UI design, backend API development.

Justbootup Technologies

UI/UX Design Intern

2016 • Coimbatore, Tamil Nadu

Designed and prototyped websites and interfaces for multiple clients.
